### Introduction

Hong Kong Baptist Hospital's Chinese Medicine Clinic (CMC) was set up as early as in 1997 to meet the increasing demands towards diversified medical services. CMC is one of the first Chinese Medicine specialty clinics in Hong Kong and it has been devoted to providing a range of Chinese Medicine out-patient services.

Our Chinese Medicine practitioners are all registered under the Chinese Medicine Council of Hong Kong. With extensive clinical experiences, they are specialized in healthcare hygiene as well as the prevention and treatment of various illnesses.

In line with the concept of complementary and alternative medicine, CMC extends its services to Tokwawan with a new clinic at the Hospital's newly established Kai Tak Community Health Centre. The new clinic does not only provide Chinese medicine services, but it also organizes health talks and interest groups to promote health awareness.

### Scope of Services

The two clinics of CMC, which located at Franki Centre and Kai Tak Community Centre respectively, have consultation and private treatment rooms to let patients relax in a comfortable environment.

#### Chinese Medicine Consultation

Chinese Medicine Clinic provides general and specialist medicine services which internal medicine, oncology, gynaecology, acupuncture, dermatology, orthopedics, Tui-na therapy, gerontology and after care treatment.

Heal me, LORD, and I will be healed; save me and I will be saved, for you are the one I praise.  
【Jeremiah 17:14】

Patients are allocated to different Chinese Medicine practitioners according to their symptoms and needs to ensure that they receive the most suitable specialist medical service.

#### Acupuncture Therapy

To further ensure patients' health and safety, our acupuncture therapy is performed by registered Chinese Medicine practitioners, who adopt single-use needles and sterilizing utensils under the Hospital's strict infection control measures.

#### Tui-na Therapy

#### Combined Treatment Therapy

#### After Care Treatment

#### Health Education

#### Chinese Medicine Clinical Research Program

In addition to the provision of quality Chinese herbal medicines and decocting service (available at Franki Centre clinic only), a hassle-free choice of Chinese medicine granules is available. Moreover, there is a range of well-packed floral tea and Chinese herbal soup ingredients for selection to promote healthy life through daily diet.
