

How to use your medicine

Nose Drops

(1) Wash hands.

(2) Clean both nostrils by blowing your nose and shake well the nose drop before you use it.

(3) Lean your head

backwards.

(4) Fill applicator with nose drop and squeeze out 1 to 2 drops to one nostril. Proceed in the same way for the other nostril if needed.

(5) Keep in position for 2 minutes to allow medication to spread across the nasal mucosa.

(6) Replace the cap immediately after use and store in a proper place.

Attentions :

- (I) Discard after 4 weeks of opening.**
- (II) Do not share the nose drop with anyone else.**
